

BEYOND THE BOX

Design. Cabinets. Organization.

Closet, Pantry, & Garage Lookbook

DESIGNING LIVING SPACES SUITED FOR YOUR LIFESTYLE

Strategic Approach.
Sophisticated Designs.

Create Amazing Spaces. Build Relationships. Have Fun.

What We Believe

Whether you're dreaming of a new kitchen, refreshing a bathroom, or building from the ground up, you've come to the right place. We listen closely to understand what you truly need: the style, the function, and the feeling you want when you walk into your space. Then we get to work. We explore creative possibilities, navigate the options alongside you, and bring your vision to life. We're dedicated to helping our clients fall in love with where they live.

What We Offer

Talented Designers. Proven Process. Spaces You'll Love.

Beyond the Box is made up of talented design professionals committed to giving each client the space they truly desire. We provide computer-generated line drawings, color renderings, floor plans, and elevations, along with walking you through our budget analysis and landing on a budget that works for you, along with realistic timelines. We pride ourselves on staying current with industry knowledge and trends. Our hands-on, job-site approach keeps communication fluid between you, your designer, and your contracting team from the first meeting to the final walkthrough.

“

Beyond the Box has helped us with both our kitchen and primary bathroom remodels. We value their expertise, timeliness, and professionalism. We are so happy with the results of both remodels and will enjoy them for years to come.”

- Carolyn Y.

From Vision to Reality

The Beyond the Box Design Process

1

LET'S TALK

Initial Consultation

We want to know your vibe! Your style, your must-haves, and the vision you have for your space. Your designer schedules a 90-minute consultation with you, or you and your contractor. We'll send you our design trends guide, our measurement guide, and a design questionnaire so we both show up ready.

2

SEE THE VISION

Initial Presentation & Design Development

This is the dream-big stage. We walk through our Design Studio, work through a real budget analysis, and start making initial selections that feel like you. A Design Development Agreement locks in your commitment, and ours to you.

3

WE COME TO YOU

In-Home Assessment & Proposal

We come to your space, because the best designs are built around real walls, real light, and real life. We've been in 1,000s of kitchens and spaces. We capture photos, take measurements, and finalize your proposal before anything is ordered.

Strategic Approach. Sophisticated Designs.

4

VISION TO OFFICIAL

Sales Agreement & Order

You've seen it, you love it; now let's make it happen. We prepare all project documents, walk you through the Sales Agreement together, and place your order. You'll receive confirmed timelines for cabinet arrival and installation coordination, so your whole team stays informed.

5

DESIGN MANAGEMENT

Delivery, Installation & Completion

For our product purchased from arrival and delivery to cabinet and countertop installation, we stay involved to ensure your project is on track. We manage project progress via our Design Management process, verify every detail, and walk through the completed portion of your project with you at substantial completion. Your space, exactly as you imagined it.

6

SHARE YOUR SPACE

Portfolio & Reviews

We'd love to capture your finished space with a professional photo session. And if you loved the experience, a review on Google or Social Media means the world to us and helps others find the confidence to start their very own project.

CUSTOM DESIGNS FROM TOP TO BOTTOM

“

We updated our master closets, linen closet, and kitchen pantry. We could not be happier! We followed every suggestion and are amazed with how much more room we have. I did not think that we would be able to get all of our things in the small spaces we had, but Anita is a miracle worker! She evaluated the space, measured, and re-designed it to fit wonderfully with room to spare. It has elevated our pantry, linen closet, and master closets to a whole new level.”

- Marianne W.

CREATE THE KITCHEN OR SPACE OF YOUR DREAMS

“

Beyond the Box really took our dream kitchen and turned it into an even better reality. Super lovely to work with them!!! Everyone was on top of their game and easily adapted to any changes or new ideas. We love Beyond the Box!”

- Erica S.

BRIGHTEN YOUR SPACE, BRIGHTEN YOUR MOOD

“

Working with Beyond the Box has been an amazing experience. The whole team has been extremely helpful and professional. Their customer service is top notch. I would highly recommend them for any build out/remodel needed.”

- Nickole E.

Designed Around You

At Beyond the Box, every project gets a dedicated designer who manages your space from first meeting to final walkthrough.
